BRIEF ABSTRACT OF LETTER

Submits plans & detailed Estimates of the proposed new extension to the East of Fort Centre Road, Bangalore City, amounting to 3,63,640/-

NOTES AND ORDERS

The alignment of the extension as sanctioned in G.O of 23rd June 1917 has been varied, as the City Improvement Committee were of opinion that larger no. of small house sites were required for the middle class of people (vide revised plan).

3)	" Floodwater drains	" 78,100
4)	Laying water supply mains & submains	" 35,000 (£ 2)

3) Items 4 & 5 are only (£-2) and are likely to be exceeded owing to non-date of enhanced awards on account compensation for properties required.

4) It is a point for consideration whether the contribution proposed by Govt in para 8 of G.O. of 12th August 1915 is not payable in respect of this improvement work and if it is, whether it is payable on Rs 157,708 then estimated or on Rs 3,63,640 now estimated.

In this case in return for this outlay any mutual the Municipality can reimburse itself by realisations from the sale of sites and can in fact make the scheme a self-supporting one, in which case the question of contribution by Govt does not

For the formation of the more recent extensions of the Bangalore city the assistance given by Govt is as noted below —

(I) Malleswaram & Basavanguds

Rs 1,78,284 which was at first advanced to the Munc for expenditure on these extensions was finally charged to the State Funds owing to the inability of the Munc Council

[Para 4 of G O no 4706-10 & F 43-98 dy 4 6 1904]

(II) Sankarapura Extension

The outlay has been ordered to be met from the Munc Funds as an advance subject to adjustment pending orders of Govt

No assistance was asked for This appears to be ~~wrongly~~ a Munl Concern

6 The Policy of Govt appears to be that the Munl should finance themselves for the purpose of forming Extensions in future though the lands required therefor will be acquired at Govt cost which the Munl should pay up in 2 years after the land is transferred to it. 8) The total cost of the present estimates is Rs 3,63,640 The following arrangements may perhaps be made with regard to meeting this cost

(1) The cost of acquisition of lands, estimated at about one lakh, to be borne by Govt, to whom the entire proceeds of the sale of sites should be credited

(2) The cost of water-supply and lighting (Rs 35,000 & Rs 30,000) to be borne in full by the Govt

(3) The total remaining cost of roads, drains, culverts and avenues, amounting to Rs 1,98,640 to be borne in equal shares by the Govt and the Municipality

9) Assuming that the cost of acquisition and sale proceeds of sites, ~~I~~ item (1), will balance each other, involving no

the result of the above arrangement will be to debit the remaining cost of Rs 2,63,640 as follows.—

SIR,

With reference to your letter No. 7040/M1 87-17-34 dated the 15th June 1918 requesting certain particulars on the financial aspect of the scheme of forming a New Extension, East of Fort Centre Road, I have the honor to invite your kind perusal of the last two paras of Mr D'Cruz's report accompanying the Estimates It is stated therein that out of the total area to be acquired for the extension, , the actual area covered by the building sites - after deducting area for roads, lanes and open spaces - is 74 acres or 358160 square yards The total estimated cost of the scheme as per marginally noted details is Rupees 3,63,640/- so that if it is possible to sell the building sites at Rs 1-0-3 per square yard, the whole cost of the scheme can be ~~recouped~~ recovered. Looking at the present great demand for building sites and the high market value of sites in the Extensions, there seems to be no doubt about our being able to realise

realise by sale the low rate of Re 1-0-3 per square yard

2. At this rate the values of sites of different denomination will be as follows -

Bungalow	135' x 240'	-	Rs. 3,656
Cottage	110' x 115'	-	" 1,428
Ordinary house	50' x 115'	-	" 649

"	30' x 75'	-	" 250

3 An area of 14 17 acres or 68,582 square yards is covered by bungalow sites valued at Rs 69,653 An area of 33.93 acres or 1,64,221 square yards is covered by cottage sites valued at Rs. 1,66,787/- 25 91 acres or 1,25,404 square yards valued at Rs 1,27,363 are covered by ordinary and poor house sites, so that if the Bungalow and cottage sites which are situated on the existing main roads or on one or two main roads of the proposed extension are sold first, A sum of Rs 2,36,440 can be expected to be realised within a short period and this amount will be sufficient to pay off the initial cost of compensation, laying out of roads and lanes in the entire area and providing drains, culverts, water supply and lighting in the area covered by bungalows and cottages

4 The Municipal contribution of one lakh for 1918-19 will be laid out for the scheme and will be re-imbursed by the sale of sites as explained above A separate capital and expenditure account will be maintained for the scheme as is usual in such cases

5 The completion of all detailed items in the estimate may take roughly 2 to 3 years within which time it is hoped that all the sites will have been sold and the full sale amount realised to pay off the expenditure

6 I hope I have sufficiently explained the mode of financing

For Hon: President

C.R.G

Proceedings of the Government of
the Maharaja of Mysore

Read -

Correspondence ending with letter No.21 dated 22nd/25th July 1918 from the President, Municipal Council, Bangalore City, reporting with reference to the proposed new Extension to the East of Fort Centre Road, that the scheme is expected to be fully self supporting, and that if it is possible to sell the sites at Rs 1-0-3 per square yard, the sale amount realised would meet the outlay on the Extension, and stating that within a reasonably short period it would be possible to realise a sum of Rs.2,36,440 out of the sale of Bungalow and Cottage Sites alone which will suffice for immediate requirements, such as, lay-out of roads and lanes, etc , and payment of compensation, and adding that the Municipal contribution of one lakh of rupees will be utilised for the scheme during 1918-19 and recouped subsequently by the sale of sites.

Order No.

Dated,

The estimate for Rs.3,63,640 for laying out the new Extension is sanctioned, the full financial responsi-

bility therefor resting with the Municipal Council.

2. The President is requested to submit early for the information of Government a programme of operations showing dates of completion of each stage, till all the works are completed Should any work be delayed, and the period of completion extended revised dates should be promptly reported.
